Meeting Minutes

1. Proposal to alternate club tournaments between opens and sectionals, and potentially mix up cut-offs in the sectionals
 - ☐ Majority of club members have reacted positively to the introduction of sectional tournaments – Section A (1700+), Section B (U1700), and Section C (U1300)
 - ☐ U1700 and U1300 cut-offs can be adjusted to ensure minimum number of participants is fulfilled in each section (~12 minimum required for SwissSys software)
 - ☐ The club will host an open tournament at least once every 3 months for the minority of members who prefer opens
2. Proposal for awarding this year's lifetime achievement awards to three long-time members of the club (two of whom are deceased)
 - ☐ All in agreement on the recipients
 - ☐ Edgar will look into individual trophies for the 3 recipients, as well as a plaque to display at Kiwanis (will need to confirm with the centre) for all recipients' names to be added to
3. Proposal for a WhatsApp group chat to socialize, set up online matches, discuss LCC-related events, etc.
 - ☐ All in agreement on setting up a WhatsApp group as a sort of public noticeboard, where posts can only be made by admins; Hardik to look into setting up the group
 - ☐ All in agreement that any unofficial club social groups should be left for the club members to set up privately – this will avoid the burden of having to moderate the chats
4. Proposal for new club logo & branding:
Any adjustments to Michelle's designs? Have a couple variations club members can vote on?
 - ☐ Board decision to maintain old knight and chessboard design, replace Canada text with the red maple leaf on the knight, shorten London Chess Club to London Chess, and potentially include the website domain (as londonchess.ca) below the image
 - ☐ Michal to contact Michelle about preparing some mock-ups of this new proposed design in a few colour variants
5. Proposition of selling club merchandise:
Considerations about maintaining not-for-profit organization status?
 - ☐ All in agreement that merchandise will be a great way to help promote the club, so long as we keep profit margins at a minimum
 - ☐ Different design variants (with text, without text, coloured image, black and white, etc.) will be considered for different pieces of merchandise

 - ☐ Rent paid up on time, and no changes with regard to the club having permission to continue making use of the centre's gym every Thursday evening
 - ☐ A few members of the board and executive committee have brought up the incident of one member who allegedly broke 2 or more chairs at Kiwanis
 - ☐ This member has already been spoken to and given multiple verbal warnings about their outbursts; Hardik to draft a written warning and hand the letter to said member
 - ☐ All in agreement with regard to how to handle disruptive members at the club in the future – an important decision given the club growing at an unprecedented rate, which means more new members at the club, some of whom may turn out to be disruptive to others
- 9. Appeal to improve communication between executive team, board members and Kiwanis in order to avoid miscommunications and allow time for members to be informed of important changes (e.g. club closures) ASAP
 - ☐ All in agreement that we should make an effort to better communicate important club-related news within our board and executive committee channels
 - ☐ The new 'public noticeboard' WhatsApp group will facilitate communicating important club updates to any members who don't have a habit of checking the website on a regular basis
